Product End of Life Instructions

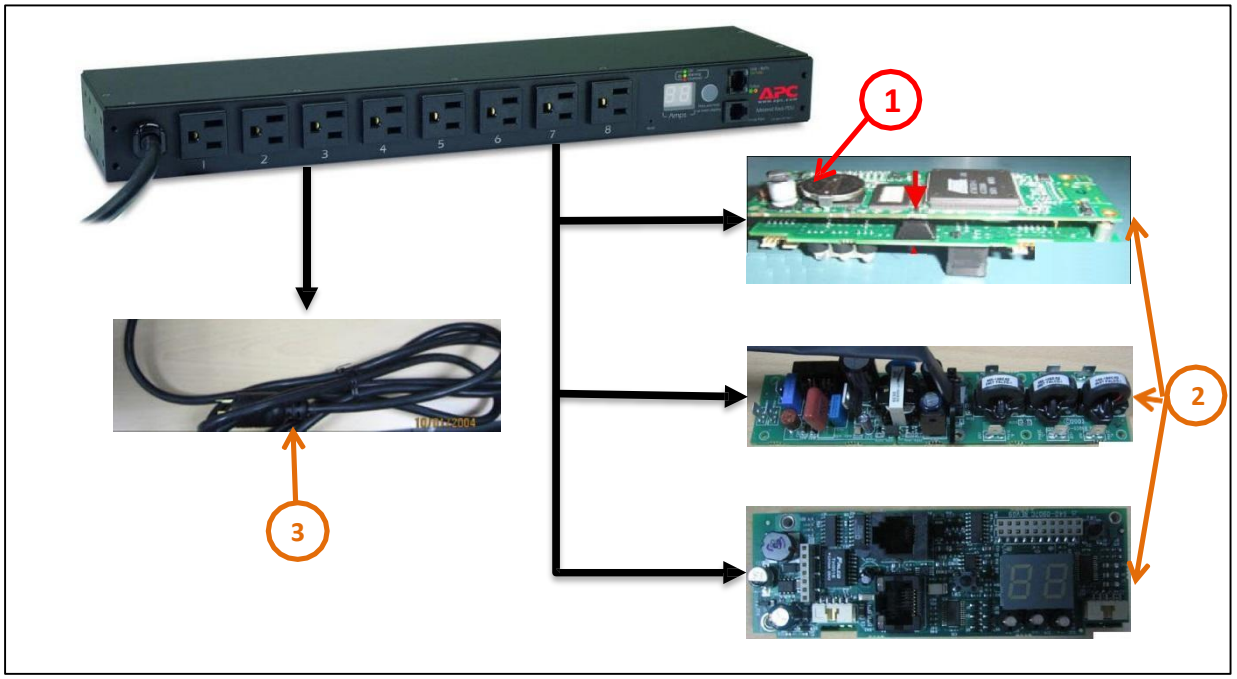

Metered Rack Power Distribution Units (PDUs)

Potential disassembly risks

No specific disassembly risks have been identified for this product

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	Lithium metal coil coin battery	3.1	1 x Li-metal coil coin batteries
To be depolluted	2	Electronic Board (Communication) > 10cm²	490	3 x PCBAs
To be depolluted	3	External electric cables	525	1 x Power Cable
Other	4	Others	1542	Washer, bracket etc

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	APC
Product function	A stand-alone, network-manageable power distribution device that monitors the total current drawn from its power outlets and protects from power surges.
Product reference	AP7800B
Additional similar product references	AP78XX and AP88XX Series
Total representative product mass	1730 g
Representative product dimensions	44mm x 444mm x 102mm
Accessories	None
Date of information release	16-11-2026

Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.	
In case of special transportation: transportation method	None	
Recyclability potential	**60%**	The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
