Product End of Life Instructions

Rack Enclosures and Accessories

Potential disassembly risks

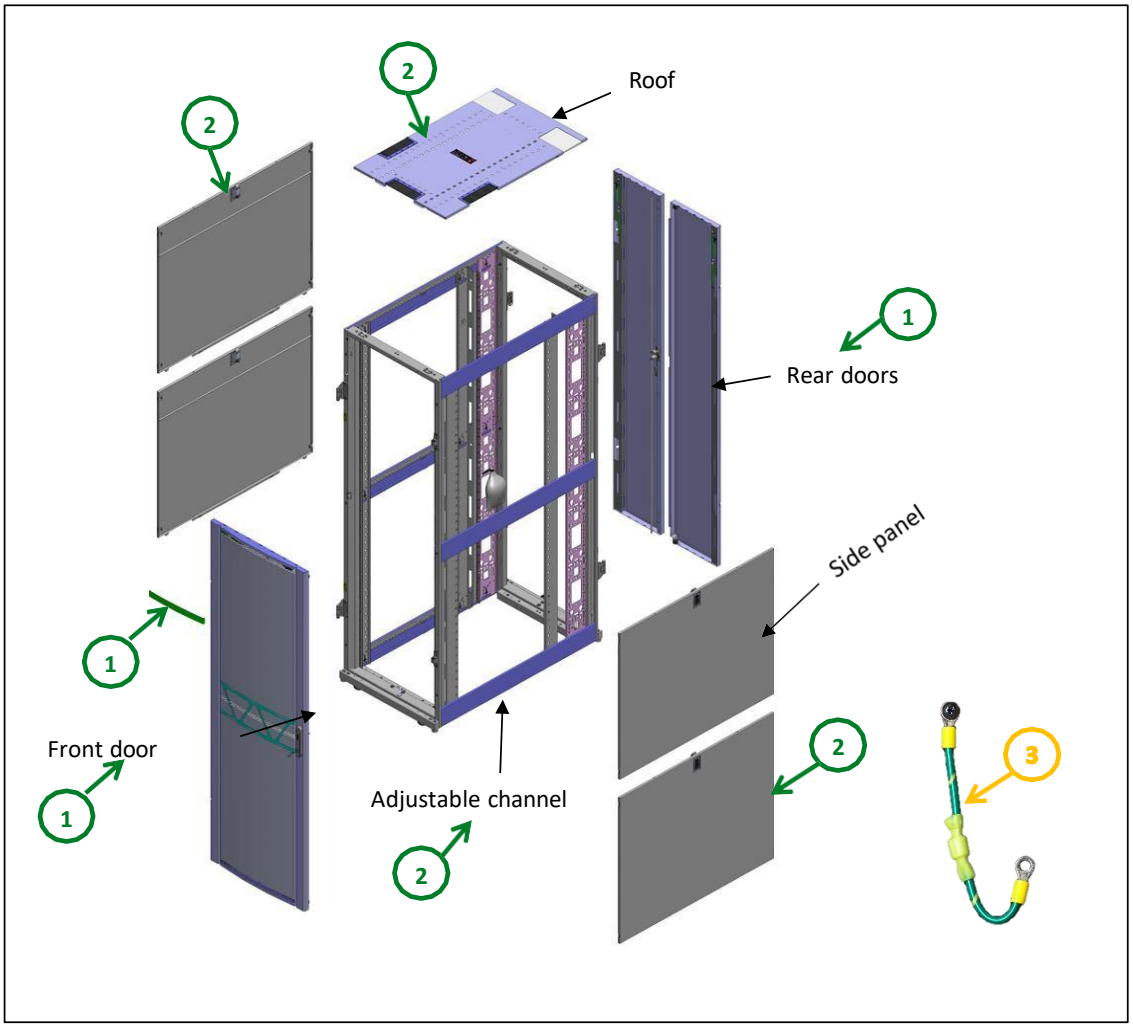

⚠ WARNING

HAZARD OF TIPPING, FALLING PARTS OR CRUSHING INJURY

- Ensure that the rack is empty, stable, and adequately supported before disassembly.
- Secure the rack to prevent tipping, falling, or uncontrolled movement during handling and dismantling.
- Use appropriate lifting equipment and follow approved lifting procedures when moving or disassembling the rack.

Failure to follow these instructions can result in death or serious injury.

End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be dismantled	1	Powder coated metal	18750	
To be dismantled	2	Metal	77095	
To be dismantled	3	Cable	142.17	

Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	APC
Product function	42U steel server rack enclosure (IT equipment cabinet). Used to mount, protect, organize, and support servers, network equipment, and related IT infrastructure in data centers and server rooms
Product reference	AR3100B2
Additional similar product references	Not Applicable
Total representative product mass	122140 g
Representative product dimensions	1991mm X600mm X1070mm
Accessories	No special accessories required
Date of information release	16-11-2026

Additional information

Legal information		The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
In case of special transportation: transportation method		Not Applicable
Recyclability potential	**99%**	The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
