

Product End-of-Life Instructions

India electromechanical socket-outlet

Product End-of-Life Instructions – EoLI

Product overview

Product Range: India electromechanical socket-outlet

Marketing Model/Name: Opale and ZENcelo India series electromechanical socket-outlet

Size: H x L x D in mm = 42x 48 x23

Weight in g = 27

Purpose

The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.

Note:

This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE).

Operations recommended for the end of life treatment

There are several steps to process the products at the end of life so as to recover components, materials or energy :

Reuse → Separation for special treatment → Other dismantling → Shredding

CAUTION:

The components of the products that optimize the recycling performances are listed, identified and located hereunder.
